Re: Amended Notice of Intention to Commence Small Mining Activities, Bullseye Project,
S/023/031, Juab County, Utah

Dear Mr. Rowley:

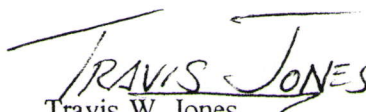

Thank you for forwarding the amended Notice of Intention for Edwin Lister's Bullseye project. The project is located on BLM managed land in NE1/4 of Section 33, T14S, R11W, SLBM, Juab County, Utah. Your agency's designated file number is UTU-070643.

The amended notice satisfies the notice requirements of Rule R647-3 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated. Please advise the operator accordingly in your completeness response letter.

Your office performed a site inspection of this operation on May 18, 1994, and discovered negligible disturbance on Section 28, T14S, R11W. The notice case file for this location, UTU-070624, was subsequently closed by your office. The Division's file includes operations on Section 33 and 34, T14S, R11W and therefore our file remained open.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/023/031 when forwarding additional information on this project to us.

Sincerely,

Travis W. Jones
Reclamation Hydrologist
